Dear Mr. Ranney:

Re: My letter of March 19, about my great-uncle, Rev. Edward Kenney.

In my excitement to have obtained the materials on him, I failed to realize that the photograph you have was reproduced in the publication, Heraldo Episcopal, and not an original.

As I go forward on studying the genealogy of the Kenneys, perhaps I will locate someone who has an original. If not, the print you have may be the best we can do. I still am uncertain whether Edward Kenney had any children; they would be the most likely to have that picture.

Also, I was halfway through translating the article in Spanish when I realized it was a translation from the original in English, published in The Witness, in 1931. I located it at the Episcopal Church Publishing Company in Detroit, and they are sending me a copy. I will forward a copy to you, in case you don't have it.

Sincerely,

A. Lawrence
